

Environmental Policy

While engaging in the general business of the development, manufacture and sale of automobile components, Keihin Michigan Manufacturing is committed to conducting its business in a manner that will preserve and protect the environment.

This commitment includes:

- *Continually improving the Environmental Management System (EMS)*
- *Complying with environmental laws and other requirements*
- *Setting and meeting environmental objectives and targets*
- *Making this policy available to the public*
- *Promoting the prevention of pollution*
- *Conserving natural resources*
- *Recycling materials*
- *Reducing waste*

This EMS is documented, implemented, maintained and communicated to all persons working on behalf of the company.
